**Pre-payment of motorway tolls** is possible using either the DARS card or toll vouchers.

**1. DARS card** is a pre-paid smart card which can be used for all classes of vehicles. It can be purchased at all the bigger "PETROL" petrol stations in Slovenia, and is also on sale near border crossing points. Toll payments are deducted from the initial credit of SIT 5000. Cards can subsequently be recharged in €, US\$ and CHF for an unlimited amount at all toll stations. At present, there are no discounts for frequent users; however, the introduction of a discount system in 2004 is under consideration.

**2. Toll vouchers** are paper coupons issued in various denominations of Slovenian tolar (SIT). They are transferable from one vehicle to another and have no date limit. They can be purchased from two companies:

a. Podjetje za vzdrževanje avtocest (motorway maintenance company)

Gric 54

SI - 1117 Ljubljana

Tel: (+386 1) 518 8314

Fax: (+386 1) 518 8301

On receipt of payment, the company issues a receipt which will be sent to the office selected by the user for the retrieval of the vouchers. A discount of 20% is granted for a single purchase of vouchers valued at up to SIT 150,700 and a discount of 25% is granted for a single purchase exceeding that sum. Users may choose to pick up their vouchers and receipt from the following offices:
